

Privacy Policy

Effective date: 22 May 2026

Application: WordWildWest

Service Provider: BAD DUCK STUDIO, LDA

Contact: contact@badduckstudio.com

1. Introduction

This Privacy Policy explains how BAD DUCK STUDIO, LDA ("Service Provider", "we", "us" or "our") collects, uses, stores, shares and protects personal data when you download, access or use the WordWildWest mobile application (the "Application").

The Application is an ad-supported mobile game. It may display advertisements and may use third-party services, software development kits, analytics tools, advertising partners, app store services, authentication providers and backend services.

This Privacy Policy should be read together with our Terms and Conditions and our Cookie and Similar Technologies Policy.

2. Data controller

For the purposes of applicable data protection laws, the data controller responsible for the processing described in this Privacy Policy is:

BAD DUCK STUDIO, LDA

Email: contact@badduckstudio.com

Address: [insert legal address]

Company registration/VAT number: [insert if applicable]

If we appoint a Data Protection Officer or specific privacy representative, we will provide their contact details here.

3. Personal data we collect

The personal data we collect depends on how you use the Application, which features are enabled and which choices you make.

3.1 Information you provide

- account identifiers, username or display name;
- email address, if provided;
- support messages and correspondence;
- information submitted through forms, settings, account screens or support requests;
- purchase-related information made available by the applicable app store, where relevant.

Registration may be optional, but certain features, such as cloud saves, leaderboards, profile features, account recovery or cross-device progress, may not be available unless you register or authenticate.

3.2 Information collected automatically

- device type, model and manufacturer;
- operating system and version;
- language and region settings;
- IP address;
- approximate location inferred from IP address or device settings, where applicable;
- device identifiers and advertising identifiers, where permitted;
- app version;
- gameplay activity, progress, scores, leaderboard entries and achievements;
- virtual currency, inventory, purchases and entitlement information;
- cloud save data and local save synchronisation information;
- crash logs, diagnostics and performance data;
- interactions with advertisements;
- information about how you use and navigate the Application.

The Application does not collect precise real-time GPS location unless this is clearly disclosed and enabled in a future version.

3.3 Data from third-party platforms and services

If you use Google Play, Apple App Store, Game Center, Google Play Games, Apple authentication, PlayFab or similar platforms, we may receive limited information from those platforms in accordance with your settings and the platform's policies.

4. PlayFab, cloud saves, leaderboards and authentication

The Application uses PlayFab to provide account authentication, guest login, cloud save, player profile features, leaderboards, player statistics, purchase validation and account deletion functionality.

Data processed through PlayFab may include your PlayFab ID, authentication method, display name, avatar or profile icon, gameplay progress, scores, leaderboard entries, cloud save data, player statistics, purchase validation information and account deletion requests.

If you choose Google or Apple login, the relevant platform may provide authentication tokens or limited account information necessary to sign in, link accounts or recover progress.

5. How we use personal data

- to provide, operate and maintain the Application;
- to enable gameplay, accounts, guest login, Google login, Apple login, cloud saves, leaderboards, player profiles and related features;
- to process, validate or restore in-app purchases through the applicable app store and PlayFab;
- to provide customer support and respond to enquiries;
- to send important notices, service messages, security alerts and administrative communications;
- to improve, debug, test, analyse and optimise the Application;
- to detect, prevent and investigate fraud, cheating, misuse, security incidents and technical issues;
- to display advertisements and measure their performance;
- to personalise advertisements where you have given valid consent or where otherwise permitted by law;
- to comply with legal obligations and enforce our rights.

We will not use personal data for purposes that are incompatible with this Privacy Policy without providing appropriate notice and, where required, obtaining your consent.

6. Legal bases for processing

- Performance of a contract: to provide the Application, gameplay, accounts, cloud saves, purchases, leaderboards and support requested by you;
- Consent: where required for personalised advertising, non-essential analytics, marketing communications, cookies, SDKs or similar technologies;
- Legitimate interests: to maintain, secure, improve and protect the Application, prevent fraud and cheating, analyse performance, fix bugs and enforce fair play, provided that your rights and interests do not override those interests;
- Legal obligation: where processing is necessary to comply with legal, regulatory, tax, accounting, consumer protection or law enforcement obligations.

You may withdraw consent at any time where processing is based on consent. Withdrawal of consent does not affect processing that took place before withdrawal.

7. Advertising, analytics and similar technologies

The Application may use advertising and analytics services, including Unity LevelPlay and mediated advertising partners such as Unity Ads, AdMob and AppLovin.

These services may collect or receive device information, advertising identifiers, IP address, app usage data, ad interaction data, approximate location, diagnostics and performance data.

Depending on your jurisdiction, device settings, consent choices and the configuration of our advertising partners, advertising may be contextual, non-personalised or personalised.

Where required by law, we will request your consent before using personal data, advertising identifiers or similar technologies for personalised advertising. If you reject personalised advertising, you may still see contextual or non-personalised advertisements.

More information is available in our Cookie and Similar Technologies Policy.

8. Sharing of personal data

- service providers who help us operate, host, maintain, analyse, secure or improve the Application;
- PlayFab and other backend service providers used for accounts, cloud saves, purchase validation and leaderboards;
- advertising and analytics partners, where applicable and subject to your consent choices where required;
- app stores and platform providers, such as Google and Apple;
- professional advisers, auditors, insurers or legal representatives;
- competent authorities, courts, regulators or law enforcement bodies where required by law or necessary to protect rights, safety, security or prevent fraud;
- successors or potential successors in connection with a merger, acquisition, restructuring, sale of assets or similar transaction.

We do not sell your personal data in the ordinary meaning of selling personal data for money. However, certain advertising or analytics practices may be considered sharing, targeted advertising or similar under some privacy laws. Where required, we will provide applicable choices and opt-out mechanisms.

9. International data transfers

Some service providers and advertising partners may process personal data in countries outside your country of residence, including countries that may not provide the same level of data protection.

Where required by applicable law, we will rely on appropriate safeguards for international transfers, such as adequacy decisions, standard contractual clauses or other lawful transfer mechanisms.

10. Data retention

We keep personal data only for as long as reasonably necessary for the purposes described in this Privacy Policy, unless a longer retention period is required or permitted by law.

- account data is retained while your account remains active and for a reasonable period afterwards;
- gameplay, cloud save, inventory, score and leaderboard data may be retained while needed to provide the relevant features;
- automatically collected technical and usage data may be retained for up to 24 months and may then be aggregated or anonymised;
- support communications may be retained for as long as needed to respond to your request and maintain appropriate records;
- purchase-related records may be retained as required for accounting, tax, fraud prevention, app store requirements and legal compliance;
- consent records may be retained to demonstrate compliance with applicable laws.

When personal data is no longer needed, we will delete, anonymise or aggregate it, unless retention is required by law.

11. Account deletion and data management

You can request deletion of your account and associated data, including cloud saves and leaderboard entries, directly within the Application by using the Delete Account option in the settings menu, where available.

You may also contact us at contact@badduckstudio.com to request deletion of personal data you have provided.

Some data may need to be retained where required by law, for legitimate business purposes, dispute resolution, fraud prevention, enforcement of our rights or app store transaction records.

Deleting your account may result in loss of progress, cloud saves, leaderboard entries, virtual goods, virtual currency, remove-ads entitlements or other account-based features, except where applicable law requires otherwise.

12. Your privacy rights

- request access to your personal data;
- request correction of inaccurate or incomplete data;
- request deletion of your personal data;
- request restriction of processing;
- object to processing based on legitimate interests;
- object to direct marketing;
- withdraw consent at any time;
- request data portability;
- lodge a complaint with a data protection authority.

To exercise your rights, contact us at contact@badduckstudio.com. We may need to verify your identity before responding. We will respond within the timeframe required by applicable law.

If you are located in Portugal or the European Union, you may have the right to lodge a complaint with the Comissão Nacional de Proteção de Dados (CNPD) or another competent supervisory authority.

13. Opt-out choices

You can stop all further collection of data through the Application by uninstalling it from your device.

- the Application settings;
- your device privacy settings;
- your advertising identifier settings;
- Google or Apple privacy controls;
- consent management tools displayed in the Application, where available;
- third-party advertising partner opt-out tools.

Withdrawing consent or disabling certain data processing may affect the availability or functionality of some features.

14. Children's privacy

The Application is not intended for children under 13, and we do not knowingly collect personal data from children under 13.

If you are a parent or guardian and believe that your child has provided personal data through the Application, please contact us at contact@badduckstudio.com. Where a higher age threshold applies in your country, we will comply with the applicable local requirement.

15. Security

We use reasonable technical, organisational and administrative safeguards designed to protect personal data against unauthorised access, loss, misuse, alteration or disclosure.

Access to personal data is limited to personnel and service providers who need access for the purposes described in this Privacy Policy. However, no system, network or method of transmission is completely secure, and we cannot guarantee absolute security.

16. Changes to this Privacy Policy

We may update this Privacy Policy from time to time. When we do, we will update the effective date and make the revised version available through the Application, website or app store listing.

For material changes, we will take reasonable steps to notify you and, where required by law, obtain your consent before the change takes effect. Where processing requires consent, continued use alone will not replace a legally required consent.

17. Contact us

If you have questions about this Privacy Policy or our privacy practices, or if you wish to exercise your privacy rights, contact us at:
