

Terms and Conditions

Effective date: 22 May 2026

Application: WordWildWest

Service Provider: BAD DUCK STUDIO, LDA

Contact: contact@badduckstudio.com

1. Acceptance of these Terms

These Terms and Conditions apply to the WordWildWest mobile application, including any related features, content, gameplay, leaderboards, cloud saves, virtual goods, advertisements, updates, purchases and services made available through the application (together, the "Application").

The Application is provided by BAD DUCK STUDIO, LDA (the "Service Provider", "we", "us" or "our"). By downloading, accessing or using the Application, you agree to be bound by these Terms. If you do not agree with these Terms, you must not use the Application.

If you use the Application on behalf of another person, or if you are not the bill payer for the device or account used to access the Application, you confirm that you have obtained the necessary permission.

2. Eligibility and children

The Application is not intended for children under the age of 13. We do not knowingly collect personal data from children under 13.

If you are under the age required in your country to consent to digital services or to make purchases, you must use the Application only with the involvement and consent of a parent or legal guardian.

Parents and guardians are responsible for supervising the use of the Application by minors under their responsibility, including any online features, advertisements, account activity and in-app purchases.

3. Licence to use the Application

Subject to your compliance with these Terms, we grant you a limited, personal, non-exclusive, non-transferable and revocable licence to download, install and use the Application on compatible devices for personal, non-commercial entertainment purposes.

- copy, modify, adapt, translate, distribute, sell, rent, lease, sublicense or commercially exploit the Application or any part of it;
- reverse engineer, decompile, disassemble or attempt to extract the source code of the Application, except where applicable law expressly permits it;
- create derivative works based on the Application;
- remove, alter or obscure copyright, trademark or proprietary notices;
- use the Application for unlawful, fraudulent, abusive or harmful purposes;
- interfere with, disrupt or attempt to gain unauthorised access to the Application, servers, systems, user accounts or related networks.

All rights not expressly granted to you remain reserved by the Service Provider and its licensors.

4. Intellectual property

The Application, including its software, gameplay, design, text, graphics, artwork, characters, logos, trademarks, sounds, music, databases and other content, is owned by or licensed to the Service Provider and is protected by intellectual property laws.

You do not acquire ownership of any intellectual property rights by downloading or using the Application.

5. Third-party services

The Application may use third-party services, software development kits, advertising networks, analytics tools, backend services, authentication providers, platform services and app store services. These third-party services may be subject to their own terms and policies.

- Unity LevelPlay and mediated advertising networks;
- Unity Ads, AdMob and AppLovin;
- Google Play Services and Google Play Games Services;
- Apple services, including Apple authentication and App Store services;
- PlayFab, for account, cloud save, leaderboard, purchase validation and related backend functionality;
- Unity IAP and the applicable app store payment systems;
- Microsoft services, where applicable.

You should review the applicable third-party terms and policies before using the Application. We are not responsible for third-party services except to the extent required by applicable law.

6. Internet connection, device requirements and charges

Some functions of the Application may require an active internet connection. The connection may be provided by Wi-Fi or by your mobile network provider.

You are responsible for ensuring that your device is compatible with the Application and has sufficient battery, storage, operating system support and internet access.

Your mobile network provider or other third parties may charge you for data usage, roaming, internet access or other services. You are responsible for any such charges, including roaming charges if you use the Application outside your home country or region.

We are not responsible if the Application does not function fully or correctly due to lack of internet access, device limitations, insufficient battery, incompatible software, disabled permissions, network issues or factors outside our reasonable control.

7. Account registration, authentication and cloud features

Some features of the Application may require account registration or authentication. Registration may be optional, but certain features, such as cloud saves, leaderboards, account recovery, profile features or cross-device progress, may not be available without an account.

The Application may support guest login, Google login, Apple login and PlayFab-backed account functionality. Account data may be used to sync progress, store cloud saves, validate purchases, display leaderboard entries and manage account deletion requests.

You are responsible for maintaining the confidentiality and security of your device, account credentials and activity associated with your account. You must not share your account, impersonate another person, provide false information or use another person's account without permission.

You should not jailbreak, root or otherwise bypass the security restrictions of your device. Doing so may expose your device to malware, viruses, unauthorised access, security vulnerabilities or cause the Application to malfunction.

8. In-app purchases, virtual goods and remove-ads purchase

The Application may offer virtual goods, virtual currency, consumables, permanent entitlements, subscriptions, premium features or other digital content for purchase ("In-App Purchases"). This may include a purchase that removes certain advertisements from the Application.

In-App Purchases are processed by the applicable app store, such as Google Play or Apple App Store. Your purchase may also be subject to the app store's own terms, payment rules and refund policies.

Unless required by applicable law or by the refund policies of the relevant app store, In-App Purchases are final and non-refundable once the purchased digital content has been delivered or made available to you.

- Virtual goods and virtual currency have no real-world monetary value;
- they cannot be exchanged for real money, goods or services outside the Application;
- they are licensed, not sold;
- they may be used only within the Application;
- they may be lost if your account is deleted, suspended or terminated, or if the Application is discontinued, except where applicable law requires otherwise.

We may manage, modify, rebalance, replace, restrict, remove or discontinue virtual goods, virtual currency or game features for reasons including technical operation, security, fraud prevention, fair play, game balancing, legal compliance, platform requirements or service improvement. We will not reduce your mandatory consumer rights.

Before you make a purchase, the relevant price, taxes, payment conditions and main characteristics of the purchase will be presented to you through the Application or the applicable app store.

9. Advertisements and ad-supported service

The Application is provided as an ad-supported service. This means that advertisements may be displayed within the Application, including interstitial advertisements and rewarded advertisements.

Advertisements may be delivered through Unity LevelPlay and mediated advertising partners, including Unity Ads, AdMob and AppLovin. Depending on your region, device settings, consent choices and the configuration of our advertising partners, advertisements may be contextual, non-personalised or personalised.

Where required by law, we will request your consent before using personal data, advertising identifiers or similar technologies for personalised advertising. You may withdraw or change your consent through the Application settings, where available, or through your device privacy settings.

Further information about advertising, tracking technologies, consent and opt-out options is available in our Privacy Policy and Cookie and Similar Technologies Policy.

10. User conduct and fair play

The Application may include competitive elements, including leaderboards, scores, achievements, rankings and rewards.

- use cheats, bots, scripts, automation tools, exploits or unauthorised third-party software;
- manipulate scores, leaderboards, achievements, purchases, rewards or game progress;
- interfere with the normal operation of the Application;
- exploit bugs or vulnerabilities;

- harass, abuse, threaten or harm other users;
- upload, transmit or share unlawful, offensive, infringing, fraudulent or harmful content;
- use the Application in a way that violates applicable law or these Terms.

If we reasonably suspect a violation of these Terms, we may take appropriate action, including removing scores from leaderboards, restricting access to features, suspending or terminating accounts, reversing fraudulent activity or reporting unlawful conduct to competent authorities.

Where required by law, we will apply such measures proportionately and provide information about the reason for the measure and any available appeal or review mechanism.

11. Updates, changes and availability

We may update, modify, improve, suspend or discontinue the Application or any part of it from time to time.

Updates may be required to maintain compatibility, security, legal compliance, platform requirements, bug fixes, game balance or functionality.

You may need to install updates to continue using the Application or some of its features. We do not guarantee that the Application will always be available, uninterrupted, error-free or compatible with every device, operating system or platform version.

If we introduce paid features or material changes that affect your rights or obligations, we will provide appropriate information before the change takes effect, where required by applicable law.

12. Termination

You may stop using the Application at any time and may uninstall it from your device.

- you materially breach these Terms;
- you misuse the Application;
- we are required to do so by law, court order, regulator, platform provider or app store;
- continued access would create security, legal, operational or fraud risks;
- the Application or relevant feature is discontinued.

Upon termination, the rights and licences granted to you under these Terms will end, and you must stop using the Application and, if necessary, delete it from your device.

Termination does not affect any rights or obligations that by their nature should survive, including intellectual property rights, payment obligations, limitation of liability, dispute resolution and legal compliance provisions.

13. Privacy and data protection

The Application stores and processes personal data as described in our Privacy Policy. Please read the Privacy Policy carefully to understand how we collect, use, share, retain and protect your personal data.

Where the Application uses cookies, software development kits, advertising identifiers, device identifiers, local storage or similar technologies, additional information is provided in our Cookie and Similar Technologies Policy.

14. Disclaimer

The Application is provided on an "as is" and "as available" basis, subject to your mandatory consumer rights.

We use reasonable efforts to keep the Application functional, secure and useful, but we do not guarantee that it will be uninterrupted, error-free, always available, free from vulnerabilities, or compatible with every device or operating system.

Nothing in these Terms excludes or limits any rights that you may have under applicable consumer protection laws.

15. Limitation of liability

To the maximum extent permitted by applicable law, the Service Provider will not be liable for indirect, incidental, special, consequential or punitive damages, loss of profits, loss of data, loss of goodwill, business interruption, device failure, network charges or losses resulting from your misuse of the Application.

Nothing in these Terms limits or excludes liability where it would be unlawful to do so, including liability for fraud, intentional misconduct, gross negligence, death or personal injury caused by negligence, or mandatory consumer rights.

16. Governing law and dispute resolution

These Terms are governed by the laws of [Portugal / applicable country], without prejudice to any mandatory consumer protection rights that may apply in your country of residence.

If you have a complaint or dispute, please contact us first at contact@badduckstudio.com so that we can try to resolve the matter informally.

If you are a consumer resident in the European Union, you may also have the right to contact competent consumer protection authorities or alternative dispute resolution bodies available in your country.

[If applicable in Portugal, insert details of the relevant Alternative Dispute Resolution entity and/or the Livro de Reclamações Eletrónico.]

17. Changes to these Terms

We may update these Terms from time to time. When we do, we will update the effective date and make the revised version available through the Application, website or app store listing.

For material changes that significantly affect your rights or obligations, we will take reasonable steps to notify you before the changes take effect, where required by law.

Your continued use of the Application after the updated Terms become effective means that you accept the updated Terms. If you do not agree, you must stop using the Application.
