### 1. Scope

This version applies to users located in the United Kingdom. It is aligned with UK GDPR and the Privacy and Electronic Communications Regulations (PECR). It covers cookies, mobile SDKs, advertising identifiers, local storage and similar technologies.

### 2. UK consent approach

We will ask for consent before using non-essential technologies, including personalised advertising, behavioural tracking, non-essential analytics and advertising measurement technologies that access or store information on your device. Strictly necessary technologies may be used without consent where they are essential to provide the app feature you requested.

### 3. Technologies and partners

- Unity LevelPlay and mediated advertising partners for rewarded and interstitial ads.
- PlayFab for accounts, cloud saves, leaderboards, purchase validation and account deletion.
- Google Play Games, Apple and app store services where enabled.
- Local storage for settings, progress and consent choices.

### 4. Categories and choices

| Category                    | Purpose                                                                           | UK setting                    |
|-----------------------------|-----------------------------------------------------------------------------------|-------------------------------|
| Strictly necessary          | Core app operation, security, purchases, account, cloud save and consent storage. | Always active.                |
| Preferences                 | Remembering app settings such as language and sound.                              | Optional where not essential. |
| Analytics and diagnostics   | Crash reporting, performance and usage improvement.                               | Consent where not essential.  |
| Advertising and measurement | Showing and measuring ads.                                                        | Consent where required.       |
| Personalised advertising    | Using identifiers or app activity to tailor ads.                                  | Consent required.             |

## 5. Suggested UK banner

WordWildWest uses essential technologies to make the app work. With your consent, we also use analytics and advertising technologies, including Unity LevelPlay and advertising partners, to measure ads and show personalised ads. You can accept all, reject non-essential technologies or manage your choices. You can change your choices later in Settings.

- Accept all
- Reject non-essential
- Manage choices
